Dear Jo,

Firstly, a big thanks to yourself and the team for the fantastic Blue Whales Farewell DVD produced for the end of the 2011 year. As a family we have watched the video more times than I can recall and Charley has had a wonderful time sharing stories and experiences of her time at Aero Kids.

I wanted to take this opportunity to extend my personal thanks to the management, teachers and carers at Aero Kids for all their wonderful support, kindness and caring for Charley Ava over the past four and a half years.

For any family, the decision to place a child in care is a difficult one but throughout the various stages of Charley's time at Aero Kids, we have had excellent care, support and friendship with the team. The Aero Kids program has encouraged both her educational and social development and built her confidence and interaction tremendously.

The daily journal updates, regular photos and portfolios has enabled both my husband and I to understand what is going on each day and personal touches such as phone calls to let us know any issues really made a difference.

While so many of the teachers and carers have formed relationships with our family, it would be remiss not to acknowledge the support of Shirley (in the nursery) she was like a second mum; especially with teething and sleeping, Kerrie P (Seals Room) who formed an incredible bond with Charley and Amanda (Whales) who demonstrated outstanding teaching, introduced a range of fantastic projects and taught the importance of friendships, respect and manners; she has become a wonderful friend to both Charley and our family.

I have no hesitation in recommending Aero Kids to parents looking for a long day care program which not only supports education, development but offers a fun and relaxed environment where kids can be kids.

Best wishes
