

To the incredible staff at Aerokids.

Not even quite sure where to start. You guys are just AMAZEBALLS!!!

You have nurtured and loved the most precious thing to me in the world, Jazmin!

For almost 4 yrs you all have been my little girls safety net and security.

Right back at the start when both Jazi and I were going through a rough time you all were there with love and kindness. You made me feel so at home leaving her with you. And the last year teaching her and giving her confidence in who she is.

As Jazi enters her new chapter of school, I feel she is so well equipped from all the guidance and knowledge you all have given her.

I will never be able to

SO MUCH!

thank you all enough for this.

It is with such sadness that today is our last day. I will miss all you amazing people so much.

So thank you from the bottom of my heart.
